

AGENDA FOR OPEN MEETING TO BE HELD AT CITY OF
KETCHUM PLANNING AND ZONING OFFICES
TUESDAY, NOVEMBER 23, 2010, AT 4:00 PM

Ketchum Green Building Code Team

Ask for additional ideas for discussion.

Rebecca will take minutes.

Approve minutes from November 9, 2010 meeting.

Report on Nov. 16 & 18 webinars.

Report on 2010 Sustainable Energy Conference, Nov. 16-17.

Report on what Rebecca learned from meeting with Division of Building Safety managers:

- All 2009 State Codes are ICC, except Plumbing Code is combination of ICC and IAPMO.
- IAPMO has published a 2010 Green Plumbing and Mechanical Code Supplement.
- State Plumbing Code has a new section on gray water systems, so the procedures for those are now defined.
- ProjectDOCS – online submittal and review, 2 week turn around. How does this affect City's work load?

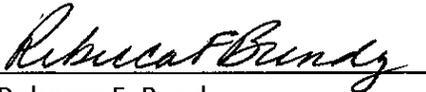

Discuss what each has learned in reviewing the IGCC Version 1 document:

- How does it dovetail with standard practices in Ketchum?
- How does it conflict with standard practices in Ketchum?
- How cumbersome would it be for building official, contractors, architects?

IGCC Version 2 is available. How does it differ from Version 1? It no longer references the residential National Green Building Standard. What does that mean?

Assign tasks to accomplish before next Team meeting.

DATED this 19th day of November, 2010.

Rebecca F. Bundy
Associate Planner
