## Chip Seal Schedule - 2015

The Ketchum Streets Division will be chip sealing city streets July 13-16 as weather permits. Chip sealing is a very important part of our street maintenance program and one of the most cost effective ways to help maintain the integrity of our streets and help minimize potholes. Without chip sealing, the streets would quickly deteriorate to the point of reconstruction. If you live or have a business on one of the streets scheduled to be treated, please turn off your sprinklers the day your street is scheduled. Wet roads cause the process to be ineffective.

Traffic delays will be kept to a minimum.

**PLEASE REMOVE AUTOMOBILES AND OTHER VEHICLES OR EQUIPMENT PARKED ON THE STREET OR RIGHT-OF-WAY PRIOR TO ITS SCHEDULED CHIP SEAL DATE. VEHICLES THAT ARE NOT REMOVED WILL BE TOWED.**

Questions or concerns? Contact Street Superintendent Brian Christiansen at (208) 726-7831 or [bchristiansen@ketchumidaho.org](mailto:bchristiansen@ketchumidaho.org).
