City to Donate Used Computer Equipment
Computers, Monitors and Other Equipment Available

KETCHUM, Idaho – The city of Ketchum will donate used computer equipment to people in need and local nonprofits. Several computers, monitors, printers and speakers are available.

The city no longer needs the equipment as it has determined that it can save money by leasing the latest technology equipment rather than purchasing and maintaining it.

If you are interested, please contact participate@ketchumidaho.org or call 726-3841 no later than Friday, July 1, at 5 p.m. Unclaimed equipment will be available for pick up on Friday, July 8, between the hours of 2 and 4 p.m. at City Hall. A list of surplus equipment is available at ketchumidaho.org under Special Projects.
