

RESOLUTION 24-014

A RESOLUTION OF THE CITY OF KETCHUM DECLARING  
SOLE SOURCE PROCUREMENT OF ORNAMENTAL PEDESTRIAN LIGHT POLES  
ASSOCIATED WITH THE MAIN STREET PROJECT

- A. The City of Ketchum (City) is pursuing the procurement of certain Ornamental Pedestrian Light Poles associated with the Main Street/SH75 Project. Timely and cost-effective provision of these materials and devices is a primary concern for keeping the Project on schedule and on budget.
- B. The manufacturer, Landscape Forms, Inc offers the option for the City to purchase these light poles directly. Thus we avoid mark-up from both a general contractor as well as a potential electrical distribution house; whereas, direct procurement provides substantial time and cost advantages to the Project.
- C. If the City put these ornamental light poles out to a competitive bid in the public market with the specifications that City Staff and our community have chosen, we would undoubtedly end up with a price that is ~10-25% higher than what is being offered directly to the City by Landscape Forms, Inc.
- D. Where reasonably possible, the City is piggy-backing upon procurement contracts for other materials and equipment already bid and entered into by other governmental agencies of the State of Idaho.

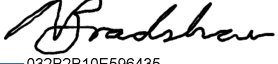

THEREFORE, based upon the findings above, the City declares that the procurement contracts and agreements are appropriate sole source procurements from those vendors necessary and advantageous to the Project, and declares a sole source procurement for such pursuant to Idaho Code §67-2808(2).

Pursuant to Idaho Code §67-2808(2)(b), the City Clerk is directed to file a fourteen (14) day notice of such sole source procurement in the official newspaper upon this declaration.

**ADOPTED** by the City Council of the City of Ketchum, Blaine County, State of Idaho
